

include/point.hpp

```
graph TD; A[include/point.hpp] --> B[cmath]; A --> C[vector];
```

A diagram illustrating a C++ header file's dependencies. At the top, a dark gray box labeled 'include/point.hpp' has two blue arrows pointing downwards to two light gray boxes: 'cmath' on the left and 'vector' on the right. This indicates that the 'point.hpp' header file includes both the 'cmath' and 'vector' standard library headers.
