

km::ConfigReader::Config
Reader

```
graph LR; A[km::ConfigReader::ConfigReader] --> B[km::ConfigReader::readConfigFile]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'km::ConfigReader::ConfigReader' split across two lines. The right box is gray with a black border and contains the text 'km::ConfigReader::readConfigFile' on a single line.

km::ConfigReader::readConfigFile
